

astarella®

PRIMETIME SKIN CREAM WITH ASTAXANTHIN AND CHLORELLA GROWTH FACTOR

When it comes to keeping skin feeling smooth and firm, Astarella® Primetime Skin Cream has everything you want in a multipurpose beauty product.

This cream contains both Chlorella Growth Factor (CGF) and Astaxanthin. CGF is made up of a nucleotidepeptide complex, which contains amino acids and nucleic acids such as RNA and DNA. CGF works immediately to help nourish your skin through moisturization to give you a soft, smooth looking complexion.

Astaxanthin is a naturally occurring pigment found in algae, which many help skin look smooth and more elastic. It may also help reduce redness and inflammation associated with prolonged exposure to the sun.

Astaxanthin's antioxidant elements may help to reduce the appearance of fine lines and help your skin look firmer and more vibrant. Daily use of Astarella® Primetime Skin Cream is an important and essential step towards achieving youthful, healthy-looking skin.

And not only does Astarella® Primetime Skin Cream help give you that youthful look, but it can also be applied to your hands, legs, arms, neck— anywhere you want to see beautiful looking, healthy-looking skin.
