

## Thank you, Rejuv-A-Wafers®!

### People Comment On His Joyful Stride And His Beautiful Fur!

*Sampson is a 12 year old mixed breed who was adopted as a rescue when he was two. Rejuv-A-Wafers® keeps him healthy and active. Every time we go for a walk, people comment on his joyful stride and his beautiful fur! He loves Rejuv-A-Wafers® so much, he does tricks whenever he sees the box. I don't know who trained whom.*

—N. Baker, CA

### He Can Take Stairs Or Inclines On Trails. Healthy Joints. Pretty Amazing!

*His fur is so soft and shiny. Everyone thinks he's a pup, maybe 6 years old! When I tell them his age, they all say "What, you're kidding!" "Wow!" "What do you do for him?" So, I start bragging and I tell them about Rejuv-A-Wafers®!*

—K. Anderson, CA

### My Cats Are Up Early Looking For Their Rejuv-A-Wafers®!

*Natasha, Boris and Kotin Kandi Love Rejuv-A-Wafers®! I can't believe how shiny my cats' coats are since they have been taking it!*

*Natasha, Boris and Kotin Kandi are up before I am looking for their breakfast and the Rejuv-A-Wafers®. Thank you. The results are unbelievable!*

—S. Matthews, OH

*Results may vary. All testimonials are from real people and only reflect their results.*

## Contributing To A Better World

For almost half a century, Sun Chlorella® has made it their mission to make a positive difference in the health of people all over the world. Founder Hideo Nakayama made sure Sun Chlorella® was never about being just another business, it was about sharing the benefits of chlorella. Sun Chlorella® proudly supports The Gentle Barn, an animal rescue-organization with locations in California, Tennessee, and Missouri. Providing Rejuv-A-Wafers® and other chlorella products, so this nutritious treat could be given to their animals every day.

*This badly abused horse, Hiroka—named by Sun Chlorella—has been given new life thanks to Rejuv-A-Wafers®.*

*"Corporate social responsibility embodies our commitment to being a good neighbor and contributing to a better world. Just as importantly, this project cuts to the heart of who we are—a company that values life. We're honored to be a small part of something truly amazing!"*

# REJUV-A-WAFERS®

Superfood Treats For Dogs & Cats

# Rejuv-A-Wafers®—Cherish every moment. Nourish every day.®

This amazing superfood is now available as your pet's treat. Rejuv-A-Wafers® provides a tasty banquet of nutrients that can help your pet be happy and healthy.

This unique blend of vitamins, minerals, nucleic acids, and other revitalizing ingredients can offer support for your dog or cat to:

- help safeguard them against harmful elements
- help with their energy
- help support healthy coat and skin
- help support their natural digestive health
- help support their natural detoxification process

## Protection From Environmental Hazards

One of the greatest gifts you can give your loving cat or dog. Just by breathing and drinking water, pets can ingest pollutants.

By adding Rejuv-A-Wafers® to your pet's daily diet, you help support your pet's natural detoxification process.

## The Superfood For A Healthy Pet

To find out why Rejuv-A-Wafers® is such a blessing for your pet's health, let's look at its nutrients. Chlorella is a single-celled, freshwater green algae, whose phenomenal health-

supporting powers make it one of the best-selling nutritional supplements in Japan. Its perfect combination of super-nutrients includes...

- **Chlorophyll:** Chlorophyll gives plants their green color. Chlorophyll is found in greater density in chlorella than in any other green food.
- **Chlorella Growth Factor (CGF):** Only in chlorella will you find this dynamic nucleotide-peptide complex. CGF provides support of your pet's natural immune system.
- **Vitamin D:** Rejuv-A-Wafers® provides your pet with a natural source of vitamin D so they may benefit from its immunity support.
- **Iron:** Rejuv-A-Wafers® is a good source of iron—the mineral responsible for producing red blood cells and for keeping your pet in good health.

## What A Tasty Treat

Rejuv-A-Wafers® come in wafer form and should be given daily. We recommend pets up to 50 pounds receive 1 wafer; pets over 50 pounds receive 2 wafers. The wafers can be added to your pet's food or given as a treat!

## Nutrition For Happy, Healthy Pets

Your pet is a beloved member of your family and deserves the very best. That's why you'll be delighted to learn that Rejuv-A-Wafers® contains nutrients that can help support your pet's good health.

For instance, the lecithin in Rejuv-A-Wafers® can provide nutritional support so that your pet can maintain a beautiful, glossy coat.

## Veterinarian Recommended

*"With all of its nutrients, I firmly stand by, and recommend, that every pet owner use REJUV-A-WAFERS®."*

—Dr. William Farber, D.V.M.

A pioneer in alternative therapies for animals and head of the Department of Complementary Animal Medicine at the West Los Angeles Animal Hospital, one of the largest veterinary clinics in the country.
