## Discover The Strength of A Well-Nourished Body

“One day I woke up with blurry vision, dizziness and feeling sick. I made an appointment to see an Optometrist, who after conducting a thorough eye examination, could not find any possible cause for my symptoms, so he ordered further tests. I started taking Sun Wakasa Gold Plus®, rich in nucleic acids, and I doubled the recommended daily serving in a desperate attempt to feel better. Within a couple days, my blurry vision was almost gone, and the dizzy spells diminished to the point that I started to feel healthy again. I could have never done it without this marvelous product, Sun Wakasa Gold Plus®. I am continuing to take it and I feel better and better every day. Thank you Sun Chlorella USA!”

Sun Wakasa Gold Plus® brings the power of Chlorella Growth Factor (CGF) in a liquid concentrated form so that you notice benefits faster and support overall health.

Chlorella is known as the King of Superfoods. But what really puts chlorella in the spotlight of health and wellness is CGF.

CGF is made up of nucleic acids DNA and RNA, which can support cellular health and regeneration. Since every part of our body is made of cells, cellular health is crucial to our overall healthy function.

## Sun Wakasa Gold Plus® Supports:

### Increased Energy Levels

Scientifically, RNA and DNA are responsible for the production of proteins, enzymes and energy at the cellular level. Sun Wakasa Gold Plus® can increase energy levels because of its nucleic acid content.

### Immune & Overall Health

Sun Wakasa Gold Plus® can vigorously stimulate and support your body's natural

defense system. A host of scientific studies show that the nutrients in Sun Wakasa Gold Plus® can help to:

- increase your production of “soldier” cells
- combat damaging free radicals
- enhance your production of interferon
- improve your overall cellular efficiency

### Tissue Health

Studies show that CGF can provide spectacular health benefits!

Sun Wakasa Gold Plus® with its nucleic acid from CGF may help reduce the amount of recovery time by aiding in the tissue repair process.

### The Natural Way to Feel Young

Why call our precious product Wakasa? Because “Wakasa” is Japanese for youthfulness, and Sun Wakasa Gold Plus® refreshes and revitalizes every cell of your body.

Its potent nucleic acids can help to resist the effects and appearance of premature aging. In fact, people who take Sun Wakasa Gold Plus® often report they feel years younger!

### So Delicious, So Healthy!

Sun Wakasa Gold Plus® comes in a 500ml bottle, and is flavored with apple and lemon essence. Sun Wakasa Gold Plus® has the added benefit of capsicum extract that aids in digestion.

The recommended serving of Sun Wakasa Gold Plus® is 1/2 ounce per day. But people with special health needs can safely increase their serving to 1-1/2 ounces per day.

Sun Wakasa Gold Plus® has the design of an efficient eco-friendly bottle. Its compact bottle design makes for easier storage in a refrigerator.
